Rustic Wood Fireplace Mantels and Log Mantels by Best of Nature

Rustic log and reclaimed timber wood fireplace mantels from Best of Nature speak an individual language all of their own. **Our rustic fireplace mantels offer you choices from elegantly rustic to extremely rustic mantels.**

Each handcrafted rustic wood fireplace mantel is still made with vintage, hand held razor sharp antique drawknives, chisels, mallets and other hand tools. These are used every day, crafting Nature's best into beautiful wood fireplace mantel shelves. Many of these same tools were used to carefully handcraft logs into timbers and wood beams-tools used from the late 1700-early 1900's! No machines will match the natural beauty and smooth, drawknife textured finish of a handcrafted rustic log or timber beam mantel shelf - that everyone will truly admire!

Handcrafted Since 1979 (30+ years), the rustic wood fireplace mantles and rustic wood furnishings by Countree Living have been enjoyed by many throughout the U.S. and Canada. Put this experience to work for you!
